

What's happening at Milpara Korumburra's Community House?

Is your spelling and grammar holding you back? If so you may be surprised to know you're not alone. Many Australians have trouble with their literacy and this can be for a number of reasons. Unfortunately it can mean people limit what they do in life in fear that people may notice their poor spelling or reading. It doesn't have to be that way, you can make a change and build your confidence.

Milpara understands adult learners; we provide small friendly and supportive classes. Milpara provides some excellent Learn Local courses including 1 on 1 Reading, Writing & Maths, English and Maths Class as well as Learn English and Speak English for people who English is their second language. Why not give us a call to find out more.

We also offer Basic Computers, Computers Beyond Basics and Office Essentials (Word & Excel). In an ever increasing digital world computer literacy is becoming more and more important. The Think Digital Coach Digital Roadshow will also be stopping into Korumburra on October 25. It's a 14 meter hi-tech mobile classroom touring Gippsland delivering digital literacy. There are limited spaces so get in quick visit www.gippsland.digital for tickets, or drop into Milpara and we can help you.
